**INSTRUCTIONS TO CANDIDATE:**

**1. You are required to perform the following tasks**

A retired woman has approached you to design her retirement house to suit her high lighting needs. She has provided you with a recycled carton box to demonstrate how the lighting elements might feature in her dream house.

**TASK I:** *Using the provided plain A4 paper,*

- *Sketch THREE elements that admit natural light.*
- *Label each element*
- *Provide a brief description of its function in admitting natural light.*

**TASK II:** *Using the provided resources, develop and produce a small-scale model (demo house) that incorporates the sketched elements in TASK 1 admitting natural light. Utilize the recycled carton box (30cm x 24cm x 12cm) as the base structure. Fit the lighting elements as per the standard operating procedures on the demo house.*
