Below is a short summary for a children's storybook titled "MOMO"

Momo is a curious young squirrel who lives in the heart of the woods. One day, while gathering acorns, he discovers a magical map hidden inside an old tree stump. The map leads him on a thrilling adventure to find the legendary Golden Acorn, a treasure said to grant its finder immense courage. Along the way, Momo encounters talking animals, tricky riddles, and a mischievous fox named Felix who also wants the treasure. Momo learns that true bravery comes from helping others and believing in yourself.

The book is aimed at children **aged 6-8** and combines themes of adventure, friendship, and self-discovery.

You are required to perform the following tasks;

Task 1: Prepare Sketches

- Prepare concept sketches for the cover of the storybook, A4 when spread and A5 when folded with illustrations. The cover page orientation can be landscape or portrait.
- Sketch a character design of the main character.

Task 2: Design the Main Character (Momo)

- Create a detailed design of Momo that captures his personality (e.g., brave, curious, and friendly) in your design software.
- Ensure the character is visually appealing to children.

Task 3: Design the book cover

- From your previous sketches, develop the cover of the storybook.
- Develop a book cover that is inviting, appealing to children aged 6-8 years old. The illustrations on the book cover should capture the adventurous nature of the story and should be relevant to the story.
- Complete the front cover of the storybook "MOMO" with complete information including Title, author's name and publisher's information.
- Export and save the final file in PDF or PNG formats for presentation

2. Deliverables

- Present the hard copy sketches
- Main character digital files in PDF or PNG formats
- Book cover digital files in PDF or PNG formats
